FLOORTEC 350

Walk behind sweeper

High Productivity

- Sweep floors or carpets with one machine - more work done in less time
- Quick and easy inspection/change of filters and brooms without using tools
- Easy to operate with traction and large non marking wheels.
- Excellent sweeping performance even on slopes with a 20% incline.
- Highly efficient manual filter cleaning system

Long Life - Low Maintenance

- Rugged and corrosion proof material
- Durable polyethylene construction and roto moulded hopper
- All electrical components are protected with thermal fuses
- Seperate electrical side broom motor, no need to change belts - low maintenance costs

- Low voltage cut-off system protects and prolongs battery life
- ABS battery container prevents spillage from batteries on floors and carpets

Large Capacity

- Extra large hopper capacity for all kinds of debris
- Battery run time is over 2 hours.
- ABS battery container prevents spillage from batteries on floors and carpets

Focus on Safety

- Automatic power shut off when emptying the hopper

Technical Specifications

Description (unit)

Description (unit)	FLOORTEC 350B
Working Width	
with side broom (mm)	720
without side broom (mm)	500
Side broom diameter	315
Hopper capacity (l)	60
Filter area (m ²)	1
Filter material	Polyester
Power source	12V Battery
Dimensions LxWxH (mm)	998 x 797 x 500
Weight without battery (kg)	68
Dust Control	Yes
Theoretical Surface Performance (m ³ /h)	2880

Standard Accessories

Side Broom	•
Main Broom	•
Polyester filter	•
Traction	•
On Board Charger	•
Battery 12v	•

Folding Handle

Compact and easy to transport, due to the foldable handle. The machine can be folded without tools and easily stored.

Accessories/Key Features

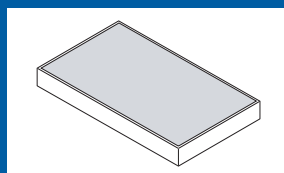

Natural Fibre Broom

Suitable for sweeping carpets.
